*High Quality Attire Produced
by Christians for Christians
Using fair trade factories
in Africa*

We started our journey making shirts in a high end factory in Istanbul Turkey. The product was beautifully crafted and we are proud of what we made, but we are a Christian family and believe in Christian values. After much reflecting we decided to look for a partner that held our same values for justice. We are pleased to be able to offer you a high quality product that makes a difference in other Christians lives. By purchasing our product you are enriching the lives of 80 people giving them access to health care, training, and a living wage to support their families. When I visited Benin, I was personally moved by the people. There is much poverty, but the people are happy and want to work. I saw how much of a difference that making our product there makes in their lives. It has been a very humbling and gratifying experience. Thank you for letting us serve you and empowering us to give back to our Christian community.
