 MADE IN ITALY - SINCE 1978

Our history

Gamma is the expression of the will of Mr. Venanzio Felisi, an expert dean of the textile production, at the helm of his company FELISI S.p.A. (founded by his father Anselmo back in 1911) since the 50's with his family in Codogno (Lodi/Milan). Parallel to his family company, in 1978 Mr. Venanzio Felisi gave birth to Gamma, with the intent to continue his own tradition, packing his own fabrics to produce holy vestments, field for which Felisi S.p.A. has always been a landmark. Through the years the company have seen an exponential growth recognized by the market ranks among the top producers of the industry. Today Gamma is directed, in the perfect respect of the family traditions, by the Venanzio Felisi, Daniela Felisi and her nephews Michele and Irene Tronci, with an enviable sense of continuity and it has extended his production bringing it to foreign countries.

Collaborations with the Holy See and least but not last, with the Principedom of Monaco that has seen Gamma provide the holy vestments for the wedding celebration between Prince Albert of Monaco and Ms. Charlene Wittstock, contributed to increase the company prestige. Gamma is always been synonymous and warranty of solidity, professionalism and passion. The choice of fabrics, which comes from the long experience of the production, the care of exclusive designs, the refinement of precious hand embroidery, as well as the high-quality manufacturing, are for Gamma the essential prerogatives of which the production is based the foundations.

Contact Gamma means getting in touch with a reality that only combines the expertise to family tradition.

La nostra storia

La Gamma è l'espressione della volontà di Venanzio Felisi, esperto decano della produzione dei tessuti, al timone dagli anni 50 della Felisi S.p.A. (fondata nel 1911 da suo padre Anselmo), con la sua famiglia in quel di Codogno (Lo). Parallelamente all'azienda di famiglia, nel '78 Venanzio Felisi diede vita alla Gamma, con l'intento di dar seguito alla propria tradizione, confezionando i propri tessuti producendo paramenti sacri, settore per il quale la Felisi S.p.A. è sempre stata un punto di riferimento. Negli anni l'azienda ha visto una crescita esponenziale riconosciuta dal mercato collocandosi ai vertici tra i produttori del settore.

La Gamma, oggi diretta, nel perfetto rispetto della tradizione familiare dalla figlia di Venanzio, Daniela Felisi e dai nipoti Michele e Irene Tronci, con invidiabile senso di continuità, ha esteso la propria produzione esportando le proprie creazioni anche all'estero.

Le collaborazioni con la Santa Sede e non ultimo, con il Principato di Monaco che ha visto la Gamma fornire i paramenti per la celebrazione del matrimonio tra il Principe Alberto e la Sig.na Charlene Wittstock, hanno contribuito ad accrescere il proprio prestigio.

La Gamma da sempre, è sinonimo e garanzia di solidità, professionalità e passione. La scelta dei tessuti, che deriva dalla lunga esperienza nella produzione degli stessi, la cura dei disegni esclusivi, la ricercatezza dei preziosi ricami a mano, nonché la pregiata manifattura, sono per la Gamma di Felisi, le irrinunciabili prerogative su cui la produzione poggia le fondamenta.

Rivolgersi alla Gamma significa entrare in contatto con una realtà unica che fonde la professionalità alla tradizione familiare.

The **Bamboo** Thread

70/Bamboo
100% Bamboo

Gamma Di Felisi is the first company worldwide using the Bamboo thread for embroidered albs

Bamboo thread is extremely soft as the silk is. It contains a natural antibacterial, the “Bambu’ kun”, which renders it highly breathable and does not allow moisture accumulation and preventing one from sweating. It also does not cause allergic skin reactions therefore it is suitable for warm seasons.

Summarizing we see the following characteristics:

- Garments made of Bamboo fabric are fresher to 1-2 degrees less compared to other types of fabrics.
- It is extremely soft and delicate.
- Highly absorbent.
- Naturally antimicrobial.
- Anti UV, protects up to 98%.
- Hypoallergenic, dermatologically tested.
- Biodegradable and eco friendly.
- When rinsed it does not contribute to environment waste.
