

...Quality silversmiths since 1939

Luis Molina Acedo, 1949.

In 1939, after the Spanish Civil War, Luis Molina Acedo started working as an apprentice silversmith in the Plata y Bronce workshops of Madrid, run by his father, Luis Molina Pérez. He was only 15 years old. The years that followed the war were very hard, and this moved him to migrate, aged twenty-four with his wife and 2 year old son to Ecuador in 1949 and to establish himself with a small silversmith workshop in Quito, Ecuador.

His reputation rapidly grew inside the active Christian Community of South America due to his everlasting perse-vergence, the quality of his totally hand crafted sacred ves-sels and his personal and professional service. Before he returned to Spain during the mid 1950's, his one-man workshop in Quito had grown steadily and he was able to establish a new workshop in Lima, Peru with around fifteen skilled workers.

Finally, in 1960, he was able to fulfill his dream, and founded the actual workshops in his much missed Madrid, Spain, which are synonymous for the highest possible quality that only the Christian Cult deserves and for an unsurpassed service.

The spectacular increase in the exports led to the creation in the U.S.A. of a wholly owned subsidiary logistic distribution center in Warwick, Rhode Island in the year 1981. It was established with the name Artistic Silver, Ltd. and canalized all the products and services to our selected network of specialized distributors inside the North American continent. The company was awarded in 1983, 1985 and 1986 with the gold medal for its annual exports by the Chamber of Commerce & Industry of Madrid.

Today, Luis Molina Acedo, S.A. is a modern, 100% family owned and operated company already in its fourth generation with a qualified staff formed by more than 90 dynamic and enthusiastic people.

With this heritage, we can only assure we look at the future knowing we will do our best to continue offering all our customers around the world what our founder established as the principles of this company.

The workshop staff who took part in the construction of the Botafumeiro proudly stand alongside their creation, just minutes before its departure for Santiago de Compostela in September, 1971.

Of all the many custom articles we have hand crafted throughout our history, perhaps the one we are most proud of is the "Botafumeiro", the world's biggest censer, housed inside the Cathedral of Santiago de Compostela, Spain.

Quality Custom Work & Projects

The fact of being highly specialized in true gold & silversmith's techniques and our heritage in handling all sorts of artistic jobs in precious metals since 1939 gives us an extra edge when entrusted with your custom commission. Our skilled team of designers will develop a quality pencil drawing which will serve our experienced silversmiths to execute your exclusive piece by hand, forging and giving shape to the metals, chiselling, embossing, hand engraving, fire enamelling etc. The built piece will then follow a long process in which meticulous hand polishing, stone & enamel panel setting and a rich plating are carefully carried out to ensure first class quality standards.

Medjugorje magna monstrance. Custom handcrafted monstrance, dedicated to Our Lady of Medjugorje (Bosnia-Herzegovina) in 2001. With a total height over 5 feet.

Our extensive network of specialized dealers will be glad to work with you and submit your ideas to us in order to study the project, develop an exact and firm quote and create a workshop drawing to show you how your exclusive item would look. We will strive to create the precise article that will meet your specific liturgical needs and exceed your expectations.

Quality restorations

Botafumeiro inside the Cathedral of Santiago de Compostela (Spain, 1851). Our workshops were required to study the total restoration of the 1851 piece in order to bring it back to its original appearance.

Having created works of art for the Catholic Cult for over 60 years and because of the highly qualified master silversmiths in our workshops, all of them experts in all the manual techniques used and developed all along history, we can guarantee the most professional and qualified service for your restorations of religious metalware.

With the passing of time and due to its normal use, truly works of art, both antique and contemporary suffer degradation and damages in their finishing which compromise the original material value. In our workshops, we are highly qualified to restore your work of art and bring it back the original beauty and value it had when it was created. We would always follow the same construction methods and use the same materials and techniques used by their creator when they were first built. This guarantees that your work of art will NEVER BE ALTERED, a golden rule in the art of restoration.
